Treasury Management Quarter 4 2021/22

Report of Head of Finance

1. Purpose of report

1.1 To inform the Committee of the Council's Treasury Management activity in the fourth quarter of 2021/22.

2. Recommendation

2.1 That the Committee note the report.

3. Background to the report

3.1 At its meeting on 23rd February 2021 Council approved the Council's Treasury Management Policy for the year 2021/22 and delegated the oversight of the execution of the Policy to this Committee.

This report sets out the Treasury Management activities in 2021/22 and shows that they are in line with the limits set out in the Policy.

Treasury Management covers two main areas:-

1. The management of day to day cash flows by way of short term investing and borrowing. Longer term investment opportunities may arise depending on cash flow requirements.

06/16

2. Management of the Council's long term debt portfolio which is used to finance capital expenditure that cannot be immediately funded by internal resources (e.g. by Capital Receipts).

Economic Background

- 3.2 The quarter ended 31st March 2022 saw:
 - 1. A 0.8% m/m rise in GDP in January more than reverse December's Omicron-induced 0.2% m/m fall;
 - 2. Signs that the economy has been resilient to the war in Ukraine so far;
 - 3. A further rise in CPI inflation to a new 30-year high of 6.2% in February;
 - 4. A fall in the unemployment rate to 3.9% and a diminished supply of workers fuel faster wage growth;
 - 5. Rates rise by 50bps, taking Bank Rate to the pre-virus and post-Global Financial Crisis high of 0.75%;
 - 6. The war in Ukraine contribute to financial conditions being as tight as after the Brexit vote in 2016.

The latest forecasts are detailed in the table below:

	Q1	Q2	Q3	Q4	Q1
	2023	2023	2023	2023	2024

50yr PWLB rate	2.30%	2.30%	2.40%	2.40%	2.40%

Investment Activity

3.3 The Council's investment strategy primary objectives are safeguarding the repayment of the principal and interest of its investments on time, ensuring adequate liquidity, with the investment return being the final objective. If required, officers implement an operational strategy which tightens the controls already in place in the approved investment strategy. The Council's investment criterion was approved by Council in February 2021.

Funds for investment come from the following Sources

- a) Revenue Account Balances held by the Council
- b) Earmarked Reserves and Provisions
- c) Unapplied Capital Receipts
- d) Cash flow balances income received before expenditure needs to be invested.

Depending on the flow of cash (difference between income receipts and payments) the bank balance will vary. Where there is a surplus balance monies are invested. When there is a need for cash, investments are called in to ensure funds are not overdrawn. As at 31 March 2022, the Council held the following investments totalling £19,908,400 and are summarised below.

Borrowing Activities

3.4 Long term borrowing to finance Capital Expenditure

Excluding the HRA self financing element, the Council has a Capital Financing Requirement of £30.98m for the current year which arises from previous decisions to incur Capital Expenditure that was not financed immediately by internal resources e.g. Capital Receipts or Grants giving rise to the need to borrow to finance the expenditure. This borrowing requirement can either be met by long or short term external borrowing or by internal borrowing i.e. using the cash behind the authority's balances and reserves and foregoing investment income. At the present time the interest payable on long term borrowing is significantly greater than the returns the Council could expect on its investments and therefore the Council has adopted a policy of being "underborrowed" by £24.68m with only £8.3m of long term loans on its books.

Additionally, as part of the Self Financing HRA Settlement £67.652m has been borrowed from PWLB. Repayment options have been discussed with members and were presented to the Executive on 13th March 2012. Repayments for principal amounts for these loans commenced in March 2020. The remaining loan will be repaid in equal instalments of £2.9414m over 22 yrs.
