Borough Council

Infrastructure Funding Statement  
1<sup>st</sup> April 2021 to 31<sup>st</sup> March 2022

*Making a difference with Section 106 contributions to enhance infrastructure requirements from new developments by securing health and play & open space contributions across the Borough of Hinckley & Bosworth. Ensuring that affordable dwellings are part of those developments for our future occupiers.*

## Introduction

- 1.1 This Infrastructure Funding Statement (IFS) is prepared by Hinckley and Bosworth Borough Council and it provides an overview of financial and non-financial contributions including, for example, affordable housing, play and open space, public realm and health, secured through Section 106 agreements (s106) from new developments between 1<sup>st</sup> April 2021 and 31<sup>st</sup> March 2022.
- 1.2 In summary, the report provides:
- An overview of s106 agreements;
  - S106 contributions paid to the Council in the 2021/22 monitoring period; and
  - Projects delivered in the Borough via s106 agreements in the 2021/22 monitoring period.
- 1.3 The information included in this report will be updated annually and published on the Council's website. This will ensure the most up to date information on the amount of developer contributions received from new developments in addition to information on where these monies have been spent is readily available to members of the public and interested parties.
- 1.4 In the Infrastructure Funding Statement reference will be made to the following definitions:
- **Secured** – contributions which have been secured in a signed and sealed legal agreement. The contributions will not yet have been received by the Council and if the planning permission is not implemented then there would be no requirement for the contributions.
  - **Received** – financial or non-financial contributions which have been received by the Council.
  - **Allocated** – contributions which have been received by the Council and allocated to specific projects.
  - **Spent/delivered** – financial or non-financial contributions which have been spent or delivered.
- 1.5 The data reported within this document is the most robust data available at the time of publication.

## Section 106 Obligations

- 2.1 Under Section 106 (s106) of the Town and Country Planning Act 1990 a Local Planning Authority (LPA) can seek obligations, both physically on-site and contributions off-site, when it is considered that a development will have negative impacts that cannot be dealt with through conditions in the planning permission.
- 2.2 For example, new residential developments place additional pressure on existing social, physical and economic infrastructure in the surrounding area. Planning obligations aim to balance this extra pressure with improvements to the surrounding area to ensure that a development makes a positive contribution to the local area.

- 2.3 The obligations may be provided by the developers “in kind” – that is, where the developer builds or provides directly the matters necessary to fulfil the obligation. This might be to build a certain number of affordable homes on-site. Alternatively, planning obligations can be met in the form of financial payments to the Council to provide off-site infrastructure works or contributions towards providing affordable housing elsewhere in the Borough. In some cases, it can be a combination of both on-site provision and off-site financial contributions.
- 2.4 The Government states that a planning obligation may only constitute a reason for granting planning permission for the development if it is:
- **Necessary to make the development acceptable in planning terms;**
  - **Directly related to the development; and**
  - **Fairly and reasonably related in scale and kind to the development.**
- 2.5 Where it is determined that on-site infrastructure and/or affordable housing required by policy is not appropriate, the Council will request from developers a financial contribution to meet the needs outside of the development site through a s106 obligation.
- 2.6 Financial contributions towards infrastructure as a result of new development is agreed on a case by case basis and these contributions are usually requested to mitigate any negative impacts the new development would create.
- 2.7 The financial contribution requirement for off-site green infrastructure provision is set via Hinckley and Bosworth Borough Council’s [Open Space and Recreational Facilities Study \(2016\)](#), and off-site affordable housing contribution requirements are set by the [Affordable Housing SPD](#).
- 2.8 Planning obligations towards the West Leicestershire CCG (NHS), Leicestershire Police, the Canal and River Trust and the National Forest for new developments are agreed on a case by case basis.
- 2.9 Leicestershire County Council planning obligations such as education, highways and transportation, library and household waste recycling centres and waste management are all collected and spent by the County Council and it is their responsibility to report on their own contributions separately. Leicestershire County Council’s IFS for 2021/22 should be available on their website by 31<sup>st</sup> December 2022, however their IFS for 2019-2020 & 2020\*2021 can be found on their website at [https://www.leicestershire.gov.uk/sites/default/files/field/pdf/2021/2/3/LCC\\_Infrastructure\\_Funding\\_Statement\\_2019-2020%20FINAL.pdf](https://www.leicestershire.gov.uk/sites/default/files/field/pdf/2021/2/3/LCC_Infrastructure_Funding_Statement_2019-2020%20FINAL.pdf)
- 2.10 Once the s106 has been signed, it becomes an obligation, but it will only be realised if the planning permission is implemented, the development is commenced and the trigger points for payment as set out in the s106 agreement are reached.

## S106 Contributions Summary

3.1 The detail set out in each table below is based on the requirements set out in Regulation 121a, Schedule 2, Section 3 (a) – (i) of the Community Infrastructure Levy Regulations (Amendment) (2019)<sup>1</sup> and are labelled as such for clarity.

3.2 All S106 agreements can be viewed on our website by typing in the reference number at <https://pa.hinckley-bosworth.gov.uk/online-applications/>
