Application for demolition of existing outbuildings, refurbishment of a grade II listed residential property, erection of three dwellings and associated external landscape works.

Two objectors, an agent and the ward councillor spoke on this application.

Notwithstanding the officer recommendation that permission be granted, members were concerned about the drainage and flooding issues. It was moved by Councillor Furlong and seconded by Councillor Roberts that permission be refused for these reasons.

Councillor Findlay, seconded by Councillor Cartwright, proposed that the matter be deferred for further consideration, however following discussion the motion was withdrawn.

Upon being put to the vote, the motion to refuse permission was CARRIED and it was

RESOLVED – permission be refused as the proposed development would be contrary to policy DM7 of the Site Allocations and Development Management Policies DPD and policy S6 of the Sheepy Neighbourhood Plan as it fails to sufficiently address flood risk and the management of surface water and would significantly adversely impact upon water quality, ecology and foul and surface water drainage functions and would increase flood risk and pollution.

Councillor Furlong left the meeting at 7.30pm.

The agent spoke on this application.

Notwithstanding the officer's recommendation that permission be granted, members felt that the proposal was out of keeping with the character and appearance of the area and had an adverse impact on residential amenity. It was moved by Councillor Bray, seconded by Councillor Gibbens and
