

1. **PURPOSE OF REPORT**

To seek the approval of the Annual Governance Statement for 2012/13

2. **RECOMMENDATION**

That Council approve the Annual Governance Statement

3. **BACKGROUND TO THE REPORT**

- 3.1 The Accounts and Audit Regulations 2011 have established requirements that all local authorities must adhere to in relation to systems of internal control. This has implications for the whole authority and all its services. The regulations require councils to “have a sound system of internal control which facilitates the effective exercise of the council’s functions and which include the arrangements for the management of risk”.
- 3.2 The Council is required to review at least annually the effectiveness of the system of internal controls and make a statement on that alongside the Statement of Accounts.
- 3.3 Whilst the legislation requiring the statement is placed with the Accounts and Audit Regulations **this is not just an accounting or auditing issue. The Annual Governance Statement is a key measure of the overall effectiveness of the Authority.**
- 3.4 As part of the production of the Annual Governance Statement, assurance is required from all services regarding their current systems, procedures and accompanying controls operated. All services were therefore asked to complete a service assurance assessment which has formed part of this statement.
- 3.5 The Annual Governance Statement includes one significant control weakness to bring to this committee’s attention. This relates to the issues noted in year with the level of housing repairs “work in progress” held on the Orchard system and the financial impact of the delay in “realizing” these costs. An action plan has been put in place to address this issue, the details of which are contained within the statement.
- 3.6 The Annual Governance Statement for 2012/2013 is appended to this report and is recommended for approval following review by the Finance, Audit and Performance Committee at their meeting on 16th September 2013.
