### Treasury Management Quarter 2 2024/25

---

Report of Head of Finance

#### **1. Purpose of report**

- 1.1 To inform the Committee of the Council's Treasury Management activity in the second quarter of 2024/25.

#### **2. Recommendation**

- 2.1 That the Committee note the report.

#### **3. Background to the report**

- 3.1 At its meeting on 22<sup>nd</sup> February 2024 Council approved the Council's Treasury Management Policy for the year 2024/25 and delegated the oversight of the execution of the Policy to this Committee.

This report sets out the Treasury Management activities in 2024/25 and shows that they are in line with the limits set out in the Policy.

Treasury Management covers two main areas: -

1. The management of day-to-day cash flows by way of short-term investing and borrowing. Longer term investment opportunities may arise depending on cash flow requirements.
2. Management of the Council's long term debt portfolio which is used to finance capital expenditure that cannot be immediately funded by internal resources (e.g., by Capital Receipts).

## Economic Background

3.2 The quarter ended 30<sup>th</sup> September 2024 saw:

1. GDP growth stagnating in July following downwardly revised Q2 figures (0.5%)
2. A further easing in wage growth as the headline 3myy rate (including bonuses) fell from 4.6% in June to 4.0% in July
3. CPI inflation hitting its target in June before edging above it to 2.2% in July and August
4. Core CPI inflation increasing from 3.3% in July to 3.6% in August
5. The Bank of England initiating its easing cycle by lowering interest rates from 5.25% to 5.0% in August and holding them steady in its September meeting

The latest forecasts are detailed in the table below:

	Mar 2025	Jun 2025	Sep 2025	Dec 2025	Mar 2026
Bank Rate	4.00%	3.50%	3.25%	3.25%	3.25%

50yr PWLB rate	4.60%	4.50%	4.30%	4.30%	4.20%

## Investment Activity

3.3 The Council's investment strategy primary objectives are safeguarding the repayment of the principal and interest of its investments on time, ensuring adequate liquidity, with the investment return being the final objective. If required, officers implement an operational strategy which tightens the controls already in place in the approved investment strategy. The Council's investment criteria were approved by Council in February 2024.

Funds for investment come from the following Sources

- a) Revenue Account Balances held by the Council
- b) Earmarked Reserves and Provisions
- c) Unapplied Capital Receipts
- d) Cash flow balances - income received before expenditure needs to be invested.

Depending on the flow of cash (difference between income receipts and payments) the bank balance will vary. Where there is a surplus balance

monies are invested. When there is a need for cash, investments are called in to ensure funds are not overdrawn. As at 30 September 2024, the Council held the following investments totalling £10,447,000 and are summarised below.

Counterparty	Investment Date	Maturity Date	Amount Invested	Interest	Interest Rate %

<b>Total</b>			<b>£10,447,000</b>		

Details of investments held from April 2024 to March 2025 are available on request.

Details of the weighted average investment to September 2024 are shown in the table below together with the Industry Average, Sterling Overnight Index Average (SONIA) as a benchmark. The Council received a rate of return that is favourable compared with the returns available in the market (a return of 5.134% compared against 5.108%). Additionally, the weighted average period is within the maximum set of 0.5 years.

Period	Weighted Average invested	Average period (days)	HBBC Average Return	1 Month SONIA	3 Month SONIA	6 Month SONIA
Apr to Sep 2024	£7,576,663	20	5.134%	5.108%	5.056%	4.957%

### **Borrowing Activities**

#### **3.4 Long-term borrowing to finance Capital Expenditure**

Excluding the HRA self financing element, the Council has a Capital Financing Requirement of £42.3m as at 31<sup>st</sup> March 2024 for the General Fund

Capital programme which arises from previous decisions to incur Capital Expenditure that was not financed immediately by internal resources e.g. Capital Receipts or Grants giving rise to the need to borrow to finance the expenditure. This borrowing requirement can either be met by long- or short-term external borrowing or by internal borrowing i.e., using the cash behind the authority's balances and reserves and foregoing investment income. At the present time the interest payable on long term borrowing is significantly greater than the returns the Council could expect on its investments and therefore the Council has adopted a policy of being "under-borrowed" by £25m with only £8.3m of long-term loans on its books and a £7m loan for the MIRA infrastructure project.

Additionally, as part of the Self Financing HRA Settlement £67.652m has been borrowed from PWLB. Repayment options have been discussed with members and were presented to the Executive on 13<sup>th</sup> March 2012. Repayments for principal amounts for these loans commenced in March 2020. The remaining loan will be repaid in equal instalments of £2.9414m over 22 yrs.

### **Short Term Borrowing**

- 3.5 Short term borrowing for the quarter ending 30 September 2024 is summarised in the table below. The cost of this was already allowed for within the general fund budget. As of 30 September 2024 there were no outstanding balances for temporary borrowing.

<b>Date</b>	<b>Lender</b>	<b>Interest Rate %</b>	<b>Maturity Date</b>	<b>Principal</b>	<b>Interest</b>	<b>Days</b>
22/04/24	Manchester city council	5.250	01/05/24	£5,500,000	£7,120	9
29/05/24	Charnwood Borough Council	5.350	05/06/24	£3,000,000	£3,078	7
