

Hinckley & Bosworth - A PLACE OF OPPORTUNITY

Corporate Plan 2017 - 2021

Hinckley & Bosworth
Borough Council

PRIORITY AMBITIONS

PEOPLE

Helping people to stay healthy, active and protected from harm

PLACES

Creating clean and attractive places to live and work

PROSPERITY

Encouraging growth, attracting businesses, improving skills and supporting regeneration

WHAT IS THE CORPORATE PLAN?

Our Vision - A PLACE OF OPPORTUNITY

Our corporate plan for 2017 to 2021 seeks to deliver our vision in creating great places to live, work and relax in. To have great places to go and shop, visit and be entertained and to provide opportunities to help our communities stay safe, healthy and active. It also seeks to promote places to invest in to improve the range and quality of local job opportunities.

Our plan will tell you how we intend to provide the right opportunities and services and provide them in the best way to improve the quality of life for everyone who lives and works in the borough of Hinckley and Bosworth. The plan doesn't include everything the council does, but it does set out our priorities, goals and ambitions for the next four years based on what our residents tell us are the most important matters to them. The council's Service Improvement Plans will be the mechanism that will deliver these ambitions.

We have brought those priorities together under three clear headings:

People - Helping people to stay healthy, active and protected from harm

Places - Creating clean and attractive places to live and work

Prosperity - Encouraging growth, attracting businesses, improving skills and supporting regeneration

OUR VALUES

LEAD

To lead in the community and work proactively with our partners. Where we do not control services, we have an important role to play in influencing our partners and working with them to tackle issues on behalf of our residents.

INVOLVE

To involve local people, our partners and businesses in our decisions and listen to their views.

FAIR

To value diversity, promote equality of opportunity and fair treatment for all and ensure that services are accessible to everyone. We will be proactive in engaging our rural and more remote communities as well as those who live in our main towns.

EFFICIENT

Be driven by efficiency – We will do everything we can to make sure that we provide quality services for everyone that represent good value for money and make the best use of our assets.

PEOPLE

Over the next four years and beyond we will:

- 1 Enable and inspire older people to make the most of later life**
- 2 Support vulnerable people and those who are most in need**
- 3 Help people to stay healthy, be active and feel well**
- 4 Recognise diversity and celebrate what unites us**
- 5 Support an effective and viable voluntary and community sector**
- 6 Take measures to reduce crime and anti-social behaviour and protect people from harm**
- 7 Give children and young people the best start in life and offer them the opportunity to thrive in their communities**

What's going to happen:

- We will produce a Prevention Strategy which details our work around supporting people.
- We will work with partners to raise aspirations of residents.
- We will move to a new model of providing integrated housing support to enable people to live healthily in their homes.
- We will bring in initiatives to improve health through our Health and Wellbeing Strategy.
- We will work in schools to raise awareness around citizenship and safety, as well as promoting local careers opportunities.
- We will continue to work with our partners to make the most of our thriving voluntary and community sector.

PLACES

Over the next four years and beyond we will:

- 1 Keep our borough clean and green**
- 2 Make our neighbourhoods safer**
- 3 Protect and improve our parks and open spaces for everyone across the borough**
- 4 Improve the quality of existing homes and enable the delivery of affordable housing**
- 5 Inspire standards of urban design that create attractive places to live**
- 6 Support and celebrate our cultural and heritage facilities and events for the benefit of residents and businesses alike**

What's going to happen:

- We will reduce our impact on the environment by cutting waste and encouraging recycling.
- Promoting new affordable housing for rent and delivering council house new build and regeneration schemes.
- We will promote and deliver an annual events calendar across the Borough to showcase our culture and heritage.
- We will use our enforcement powers to protect the environment.
- Communities will be supported to play their part in helping to deliver more local homes that reflect the needs of their community. Neighbourhood planning will be a force for good to help take this forward.
- We will do everything we can to ensure the transport and community infrastructure can support growth.
- Our existing parks, open spaces and playgrounds will continue to meet high quality standards.

PROSPERITY

Over the next four years and beyond we will:

- 1 Boost economic growth and regeneration by encouraging investment that will provide new jobs and places to live and work all over the borough**
- 2 Support the regeneration of our town centres and villages**
- 3 Support our rural communities**
- 4 Work with partners to raise aspirations of residents and provide opportunities for training, employment and home ownership**
- 5 We will support our tourism partners in promoting our local attractions**

What's going to happen:

- We will encourage developers to use local labour, developing skills in collaboration with local colleges and provide opportunities for training and employment.
- We will boost tourism through our Tourism Strategy.
- We will support our rural communities to enhance local community facilities through our Rural Strategy and a range of funding initiatives.
- We will develop opportunities and pathways into low cost home ownership.
- We will continue to provide opportunities for businesses to work together with education providers to develop the skills needed to enhance our local economy.
- We will deliver economic growth across the borough through the Economic Regeneration Strategy.
- We will support the delivery of required new quality housing through the Local Plan.

A PLACE OF OPPORTUNITY
