## **TREASURY MANAGEMENT QUARTER 1 2018/19**

---

### **Report of Head of Finance**

#### **1. PURPOSE OF REPORT**

- 1.1 To inform the Committee of the Council's Treasury Management activity in the first quarter of 2018/19.

#### **2. RECOMMENDATION**

- 2.1 That the Committee note the report.

#### **3. BACKGROUND TO THE REPORT**

- 3.1 At its meeting on 22 February 2018 Council approved the Council's Treasury Management Policy for the year 2018/19 and delegated the oversight of the execution of the Policy to this Committee.

This report sets out the Treasury Management activities in 2018/19 and shows that they are in line with the limits set out in the Policy.

Treasury Management covers two main areas:-

1. The management of day to day cash flows by way of short term investing and borrowing. Longer term investment opportunities may arise depending on cash flow requirements.
2. Management of the Council's long term debt portfolio which is used to finance capital expenditure that cannot be immediately funded by internal resources (e.g. by Capital Receipts).

#### **3.2 Economic Background**

During the quarter ended 30 June 2018:

1. In quarter 1, the economy show signs of regaining momentum after the slowdown.
2. Employment growth rose strongly but wage growth softened.

3. Consumer price inflation eased further.
4. The MPC struck a more hawkish tone at its June meeting.
5. Public sector borrowing undershot the OBR's forecasts.
6. Progress on Brexit negotiations stalled.
7. Equity markets were buffeted by increased global trade tensions.

The latest forecasts are detailed in the table below:

### 3.3 Investment Activity

The Council's investment strategy primary objectives are safeguarding the repayment of the principal and interest of its investments on time, ensuring adequate liquidity, with the investment return being the final objective. If required, officers implement an operational strategy which tightens the controls already in place in the approved investment strategy. The Council's investment criterion was approved by Council in February 2018.

Funds for investment come from the following Sources

- a) Revenue Account Balances held by the Council
- b) Earmarked Reserves and Provisions
- c) Unapplied Capital Receipts
- d) Cash flow balances - income received before expenditure needs to be invested.

Depending on the flow of cash (difference between income receipts and payments) the bank balance will vary. Where there is a surplus balance monies are invested. When there is a need for cash, investments are called in to ensure funds are not overdrawn. As at 30<sup>th</sup> June 2018, the Council held the following investments totalling £22,110,175 and are summarised below:-

### 3.4 Borrowing Activities

#### *Long term borrowing to finance Capital Expenditure*

Excluding the HRA self financing element, the Council has a Capital Financing Requirement of £38.3m for the current year which arises from previous decisions to incur Capital Expenditure that was not financed immediately by internal resources e.g. Capital Receipts or Grants giving rise to the need to borrow to finance the expenditure. This borrowing requirement can either be met by long or short term external borrowing or by internal borrowing i.e. using the cash behind the authority's balances and reserves and foregoing investment income. At the present time the interest payable on long term borrowing is significantly greater than the returns the Council could expect on its investments and therefore the Council has adopted a policy of being "under-borrowed" by £30m with only £8.3m of long term loans on its books.

Additionally, as part of the Self Financing HRA Settlement £67.652m has been borrowed from PWLB. Repayment options have been discussed with members and were presented to the Executive on 13<sup>th</sup> March 2012. Repayments for principal amounts for these loans will commence in March 2020. The loan will be repaid in equal instalments of £2.9414m over 23 yrs.

### 3.5 Short Term Borrowing

There was no Short term borrowing for the period from April to June 2018.
