## Scale of Fees and Charges 2024/25

***The figures quoted in the Fees and Charges book are shown GROSS, i.e. including VAT where VAT is chargeable.***

### **VAT LIABILITY**

The Council's Fees and Charges booklet incorporates a guide to identify the VAT liability for individual charges and most day to day queries can be resolved by reference to the relevant sections.

If any unusual or complex queries arise they should be referred to the Accountancy Section, Extension 5609 who will help.

As VAT regulations are continually changing the book will be updated and revised accordingly.

There are three rates of VAT depending on the goods or services provided:

- Standard rate 20.0%
- Reduced rate (e.g. domestic fuel and power) 5%
- Zero rate 0%

(The standard rate of VAT rose from 17½% to 20% on 4<sup>th</sup> January 2011)

There are also some goods and services that are:

- exempt from VAT, or
- outside the UK VAT system altogether (e.g. fees that are fixed by law, known as 'statutory fees')

Where the supply of goods or services is not subject to VAT, the VAT liability will either be exempt or non-business. Supplies which are zero rated are still taxable supplies but no VAT is due. Non-business activities are those for which Public Authorities have a statutory duty or are enshrined in legislation. Exempt supplies are those which are specifically exempt from VAT by statute. Though no VAT charge arises from either categorisation, it is still important to identify correctly the type of liability involved in order to meet statutory requirements.
